

# Youth Group News

During this youth group season, we have chosen to do intensive, immersive experiences. In January, we visited the Museum of African American History.

The youth had the opportunity to participate in interactive learning stations. Their favorite of the trip was sitting at the lunch counter. This trip opened many opportunities to discuss race and how all people are equal children of God. Please keep your leaders in your prayers as they help our youth navigate the complexities of our modern world. In February, the youth had an opportunity to serve at the Shrove Tuesday Dinner.
